FEW TICKS ☑
and …. BINGO!

We adjust ourselves to the needs of your library

DEAR LIBRARIAN,

KNOWING HOW DIFFICULT IT IS TO RECEIVE RELIABLE BIBLIOGRAPHIC INFORMATION ON FORTHCOMING BOOKS, WE HAVE PREPARED FOR YOU A TOOL THAT SHOULD MAKE YOUR LIFE EASIER. WE CREATED A FREE SOFTWARE THAT ALLOWS YOU TO RECEIVE ON MONTHLY BASIS A TAILORED EXCEL LIST OF BOOKS TO BE PUBLISHED IN THE NEXT MONTH. THE LIST IS:

TAILOR-MADE
– will allow you to receive accurate information about new books from publishers from selected areas,

COVERS NEEDS
– personalized information will facilitate your work,

UP TO DATE
– data are updated on a regular basis

FLEXIBLE
– you can always update the list of selected topics based on BIC classification

IT IS ENOUGH TO SELECT ONCE, **TICK AND IT IS READY TO USE! AS SIMPLE AS THAT!** ALWAYS UP-TO-DATE!

We would like to encourage you to fill in a list of topics by BIC and select only those fields that your library and readers are interested in. Once a month will receive a selected list of titles from our publishers' offer. The list would only contain titles on subjects that you will personally tick out. So you can be sure that the list received will adhere to your expectations. Lists will be prepared in xlsx format.
